### STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2018

The directors present their strategic report for the year ended 31 March 2018.

### Principal activity

The principal activity of the company is the provision of community health and domiciliary care services.

### Fair review of the business

The Company has implemented a turnaround programme during the year. This has driven a significant reduction in both revenue and operating loss. The Directors have reviewed each contract to ensure long term financial sustainability. Losses have been funded by cash reserves during the year, which remain strong at Year End.

The results for the year which are set out in the profit and loss account show turnover of £32,997,000 (2017 - £48,422,000) and an operating loss of £5,640,000 (2017 - £12,385,000). At 31 March 2018 the company had net assets of £19,241,000 (2017 - £25,124,000). The directors consider the performance for the year and the financial position at the year end to be satisfactory.

### Principal risks and uncertainties

The company manages its risks within the Group Risk Framework and register. The directors have reviewed the financial risk management objectives and policies of the company in the light of the Group Risk Framework. The directors do not believe there to be any significant risks other than those detailed below.

Market Risk – The group regularly monitors and reviews changes to Government policy and CQC regulations, in addition to developments of all relevant legislation relating to employees, clients and sector, implementing changes to process and controls as required.

Key risks include:

# Strategic Risks

Changes in the market and to the economic conditions: The company is exposed to UK market conditions. Company performance and resourcing requirements may be impacted by any changes in the market. We have an ability to recognise and adapt to any change in requirement for services and are well placed to adapt to policy changes. We are closely monitoring the outcomes of the European Union exit negotiations and any resulting policy changes to determine the impact on future contract opportunities and availability of resources.

# Financial Risks

Reliance on material counterparties: The company depends on a number of significant counterparties, including the bank, clients and suppliers, to maintain its business. The failure of a key business partner could affect the business. This risk is mitigated by limiting dependency on any one partner.

# Operational Risks

Significant health, safety or environmental incident: The potential to cause harm to employees, clients, or to damage the environment exists and is mitigated by an extensive Quality, Health, Safety and Environmental (QHSE) programme that is monitored closely.

System, process or control failure: Increased reliance on business systems dictates a robust governance framework and set of processes. Failure of the framework could impact on operational performance. Policies are subject to reviews which underpin the mitigation activity for this risk. These reviews are carried out alongside regular, formal, documented testing of business critical systems.

Attracting and retaining skilled people: Failure to attract new talent and develop existing employees could impact growth. The company utilises career development, recruitment and talent management programmes to ensure that it attracts and retains key people.

### **Environmental matters**

The group endeavours to identify, monitor and manage the impact of their activities on the environment and is fully committed to environmental accountability and protection. The company operates in accordance with group policies which are described in the group's annual and sustainability reports which do not form part of this report.

### STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2018

### Company employees

The company recognises the importance of good communications and employee relationships. The group communicates with employees via multiple channels, including group-wide mailings and local management updates.

The company remains committed to developing a culture that encourages the inclusion and diversity of all of the company's employees through respecting and appreciating their differences and promoting the continuous development of employees through skills enhancement and training programmes.

The company's employment policies are designed to attract, retain, train and motivate the very best people, recognising that this can be achieved only through offering equal opportunities regardless of gender, race, religion, age, disability, sexual orientation or any other aspect of diversity. Applications from disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. It is the policy of the company that the training, career development and promotion of disabled persons (including those who become disabled whilst employees of the company) should, as far as reasonably possible, be identical to that of other employees.

Approved by the Board on 22 November 2018 and signed on its behalf by:

### **DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2018**

The directors present their report and the financial statements for the year ended 31 March 2018.

### Directors of the company

The directors who held office during the year were as follows:

J Baker

F D Porter

N Singh (resigned 10 September 2018)

The following directors were appointed after the year end:

S Jeffers (appointed 22 June 2018)

J Vellacott (appointed 12 September 2018)

### Financial instruments

# Objectives and policies

The board constantly monitors the company's trading results and revise projections as appropriate to ensure that the company can meet its future obligations as they fall due.

# Price risk, credit risk, liquidity risk and cash flow risk

The company is exposed to the usual credit and cash flow risks associated with selling on credit and manages this through credit control procedures.

In accordance with the Financial Reporting Council's 'Going Concern and Liquidity Risk: Guidance for Directors of UK Companies 2009', the directors of all companies are now required to provide disclosures regarding the adoption of the going concern basis of accounting.

The company has sufficient resources available and the directors have prepared forecasts for the next 12 months that indicate that this will continue to be the case and that these cash flows will be sufficient for the company to meet its financing commitments as they fall due. The directors therefore have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future and have continued to adopt the going concern basis in preparing the financial statements.

# **Future developments**

The directors expect the general level of activity to remain challenging in the forthcoming year. This is as a result of the external environment, which will be impacted by the Government's social care policies, and is expected to remain competitive going forward.

### Going concern

The company's business activities, together with the factors likely to affect its future development and position are set out in the Strategic Report.

The company is going through a period of change and has a number of measures in place to improve profitability. The company will continue to be supported by its ultimate controlling party, Apposite Healthcare II GP LLP, up to a point that it can generate positive cash flows on its own account.

The directors, having assessed the responses of the directors of the company's ultimate parent MC Holdings Limited to their enquiries have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the MC Holdings group to continue as a going concern.

On the basis of their assessment of the company's financial position and of the enquiries made of the directors of MC Holdings Limited, the company's directors have a reasonable expectation that the Company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

# **DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2018**

# Disclosure of information to the auditors

Each director has taken the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

# Reappointment of auditors

Hazlewoods LLP were appointed as auditors to the company during the period, following the resignation of Deloitte LLP, and have expressed their willingness to continue in office.

Approved by the Board on 22 November 2018 and signed on its behalf by:

- 5 -

### STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- · select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards has been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MIHOMECARE LIMITED

### Opinion

We have audited the financial statements of MiHomecare Limited (the 'company') for the year ended 31 March 2018, which comprise the Profit and Loss Account, Balance Sheet, Statement of Changes in Equity, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2018 and of its loss for the year then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
   and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

### Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MIHOMECARE LIMITED

### Matters on which we are required to report by exception

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- · the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

### Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

# Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

# Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Martin Howard (Senior Statutory Auditor)

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### 1 General information

The company is a private company limited by share capital, incorporated in England and Wales.

The address of its registered office is: 1310 Solihull Parkway Birmingham Business Park Birmingham B37 7YB

# 2 Accounting policies

### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

# Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

### Basis of preparation

These financial statements have been prepared using the historical cost convention except for, where disclosed in these accounting policies, certain items that are shown at fair value.

The presentational currency of the financial statements is Pounds Sterling, being the functional currency of the primary economic environment in which the company operates. Monetary amounts in these financial statements are rounded to the nearest Pound.

# Name of parent of group

These financial statements are consolidated in the financial statements of MC Care Holdings Limited.

The financial statements of MC Care Holdings Limited may be obtained from Companies House.

# Going concern

The company incurred a significant loss in the year ended 31 March 2018. The group to which the company belongs was sold on 28 February 2017 and has consequently undertaken a number of operational changes, including the closure of several branches.

As a result, the company has been in a period of change, but has plans in place to return to profitability in the near future, and has significant cash resources in place.

After reviewing the company's forecasts and projections, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The ultimate controlling party, Apposite Healthcare II GP LLP, will continue to support the company until it is able to make a profit. The company therefore continues to adopt the going concern basis in preparing its financial statements.

# Judgements and estimation uncertainty

These financial statements do not contain any significant judgements or estimation uncertainty.

# Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the provision of services in the ordinary course of the company's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the company. The company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the company's activities.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit and loss account, except that a charge attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the company. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

### Tangible assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

### Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

# **Asset class**

Freehold buildings and long leasehold property Leasehold improvements Plants and vehicles Fixtures and fittings

# Depreciation method and rate

50 years straight line
Over the period of the lease
3-5 years straight line
3-5 years straight line

### Intangible assets

Goodwill arising on the acquisition of an entity represents the excess of the cost of acquisition over the company's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the entity recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is held in the currency of the acquired entity and revalued to the closing rate at each reporting period date.

Negative goodwill arising on an acquisition is recognised on the face of the balance sheet on the acquisition date and subsequently the excess up to the fair value of non-monetary assets acquired is recognised in profit or loss in the periods in which the non-monetary assets are recovered.

### **Amortisation**

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class Software Amortisation method and rate 3 years straight line

Goodwill

5 years straight line

# Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### Trade debtors

Trade debtors are amounts due from customers for services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. All trade debtors are repayable within one year and hence are included at the undiscounted cost of cash expected to be received. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the debtors.

### **Trade creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and all are repayable within one year and hence are included at the undiscounted amount of cash expected to be paid.

### Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

### Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

### Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the company has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

# 3 Revenue

The total turnover of the company has been derived from its principal activity wholly undertaken in the United Kingdom.

# 4 Other operating income

The analysis of the company's other operating income for the year is as follows:

	2018 £	2017 £
Proceeds for the sale of care packages	193,000
